

# DM™ 302

## Stand-mount/Bookshelf loudspeaker system

### Product Summary

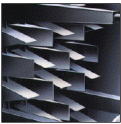

- The DM 302 offers excellent acoustic performance in a small bookshelf speaker. The unique Performance system reduces cabinet resonances and helps deliver clean acoustic power and punch.
- Since the launch of the DM 302 reviewers have warmed to the acoustic excellence of the speaker. Q magazine gave the speaker a five star review (December 1998), Hi-Fi choice awarded a "best buy" review (September 1996).
- The speaker incorporates a 1-inch soft dome tweeter which produces smooth natural vocal reproduction. The cabinet construction offers excellent rigidity as the front and rear panels of the cabinet are linked together to further minimise mechanical resonances of the enclosure.

Awarded EISA's  
European Loudspeaker of the Year  
1996-1997

Stereophile Editors choice  
1997 USA

### Technical highlights

Wedge Panel Diffusor: A novel solution to the problem of coloration from resonances inside small cabinets.

<b>Description</b>	2-way vented-box system	<b>Power handling</b>	25W · 100W into 8 ohm on unclipped programme
<b>Drive units</b>	1 x 25mm soft dome high-frequency 1 x 125mm doped paper cone/bass midrange	<b>Dimensions</b>	Height: 320mm Width: 185mm Depth: 208mm
<b>Frequency response</b>	72Hz – 20kHz ± 3dB on reference axis	<b>Finishes</b>	Cabinet: Black Ash vinyl, Cherry Grilles: Black cloth
<b>Sensitivity</b>	91dB spl (2.83V, 1m)		
<b>Nominal impedance</b>	8 (min 3.2 )
